Contents of Volume 142

Research Articles

J. Svavarsson (Iceland)
Life cycle and population dynamics of the symbiotic copepod *Lichomolgus canui* Sars associated with the ascidian *Halocynthia pyriformis* (Rathke) 1

F. Gentil, J.-C. Dauvin and F. Ménard (France)
Reproductive biology of the polychaete *Owenia fusiformis* Delle Chiaje in the Bay of Seine (eastern English Channel) 13

J.A. Hayes (USA)
Distribution, movement and impact of the corallivorous gastropod *Coralliophila abbreviata* (Lamarck) on a Panamánian patch reef 25

S.C. Pennings (USA)
Size-related shifts in herbivory: specialization in the sea hare *Aplysia californica* Cooper 43

P.-Y. Qian and L.-L. Liu (Canada, USA)
Recruitment of barnacles into empty adult tests 63

M. Telford (Canada)
Computer simulation of deposit-feeding by sand dollars and sea biscuits (Echinoidea: Clypeasteroida) 75

A.M. Ellison and E.J. Farnsworth (USA)
The ecology of Belizean mangrove-root fouling communities. I. Epibenthic fauna are barriers to isopod attack of red mangrove roots 91

T.D. Richardson and K.M. Brown (USA)
Wave exposure and prey size selection in an intertidal predator 105

K.A. McGuinness (Australia)
Effects of oil spills on macro-invertebrates of saltmarshes and mangrove forests in Botany Bay, New South Wales, Australia 121

S.M. Goddard and R.B. Forward, Jr. (USA)
The decay and learning of a *y* axis orientation behaviour: the offshore escape response of the shrimp *Palaemonetes vulgaris* (Say) 137

M. Harvey and B. Vincent (Canada)
Density, size distribution, energy allocation and seasonal variations in shell and soft tissue growth at two tidal levels of a *Macoma balthica* (L.) population 151

C. Videau and F. Partensky (France)
Variability in the growth characteristics of *Gymnodinium* cf. *nagasakiense* (Dinophyceae) and its consequences for the determination of in situ growth rates 169

D.J. McClary and P.V. Mladenov (Canada)
Brooding biology of the sea star *Pteraster militaris* (O.F. Müller): energetic and histological evidence for nutrient translocation to brooded juveniles 183

S. Kudoh, J. Kanda and M. Takahashi (Japan)
Specific growth rates and grazing mortality of chroococcoid cyanobacteria *Synechococcus* spp. in pelagic surface waters in the sea 201

D.J. Wildish and M.P. Miyares (Canada, Spain)
Filtration rate of blue mussels as a function of flow velocity: preliminary experiments 213

N.E. Chadwick and Y. Loya (Israel)
Regeneration after experimental breakage in the solitary reef coral *Fungia granulosa* Klunzinger, 1879 221
